

# Save water on holidays as well

All of our towns, especially in coastal areas are experiencing one of the driest years on record. Please check if water restrictions apply where you are staying. In some towns, watering gardens and lawns is banned and cars and boats cannot be washed.

Have a great time, but please don't take a holiday from saving water.

## USE LESS WATER

For information on the different stages of water restrictions and links to water businesses across the State, visit [www.vicwater.org.au](http://www.vicwater.org.au)
